FLOWERS, FLOWERS EVERYWHERE!

EPCOT '95 - The gardens of Epcot are bursting at the seams during the **Epcot International Flower & Garden Festival**, presented by *Better Homes and Gardens®*, **now through June 4, 1995**.

From an authentic Native American garden in The American Adventure and exquisite bonsai at the Japan showcase to blooming poinsettias *(in May!)* at Norway, this year's show highlights the gardens of the world.

Flower and garden lovers will be able to participate in daily conducted tours of Epcot gardens, as well as greenhouses and backstage growing areas. Lectures will be presented by internationally known horticulturists and Disney experts. This week, **Julie Martens**, senior garden editor of *Better Homes and Gardens®*, will discuss Paintbox Gardening on Friday and Saturday in the Festival Center. See page 2 of *The Epcot Insider* for lecture times.
